## Services

### Manufactures

- **Steel Shuttering**
- **Scaffolding**

### Hire

- **Steel Shuttering**
- **Scaffolding**

### Contractorship

- **Installation of Scaffolding**

## Product Portfolio

Our organization is one of the renowned names in construction industry, engaged in supplying high quality range of Steel Shuttering, Scaffolding Systems & Accessories. We offer these products in various grades, dimensions and specification's. This entire range of product is manufactured using high grade raw material, with the aid of advanced machines and technology. The products offered by us are widely appreciated in the market for their Longer service life, reliability, corrosion resistance, dimensional accuracy and sturdy construction.

### Product Range

- Telescopic Steel Props
- Scaffolding Vertical/Standard
- Scaffolding Horizontal/Ledger
- Scaffolding Pipe
- Base Jack
- U Jack
- Clamp
- Channel
- Walkway Planks/Chali
- Steel Plate
- Acro Span
- Joint Pin

## Telescopic Steel Prop

We are instrumental in offering a high quality Telescopic Steel Props to the customers as per their demands. These products can be used in all types of building construction, thus, are widely demanded in the market. Moreover, these are ideal to be used in the applications where there is a need of adjustable vertical load bearing members.

These products are ideal supporting device for the following :

Formwork to Slabs  
Formwork to Beams  
Formwork to Walls  
Formwork to Columns

Head can be customized as per requirement

Size	Length of Members		Height Adjustment	
	Outer in Mtrs	Inner in Mtrs	Closed in Mtrs	Weight in Kg / No.
PSP - 2 X 2	2	2	3.75	17.5
PSP - 2 X 3	2	3	4.5	21
PSP - 3 X 3	3	3	5.6	25

## Cuplock Scaffolding

Cuplock scaffolding is very popular and versatile scaffold system that is in use all over the world. The ease of handling, easy storage space requirement and high load bearing capacity are the main reasons for its immense popularity. We supply Cuplock Scaffolding system in hot Dip Galvanised as well as Painted coated finish as per customer's requirement.

Weight indicated are subjected to tolerane +/-05%

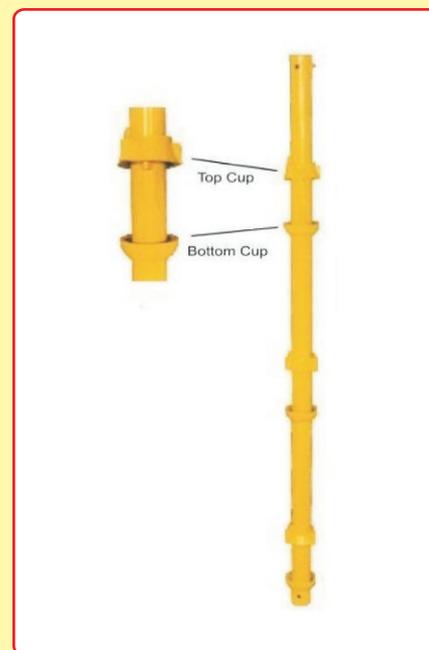

## Cuplock Vertical / Standards

We make sure to offer a wide range of supreme quality cuplock Vertical/Standards to the customers. These principal load bearing members have seats top and bottom cups. Bottom cups are welded at 500/1000 mm distance position. Besides top cups can be moved and retained by a fix stop. Verticals are made of 40NB medium/heavy class pipes and drilled to fix spigot joints.

### Size of cuplock verticals / standards :

Size in mm.	No. of cups@ 500/100 mm	Self Weight in Kg/NOs.
3000	6/0	13.00#
2500	5/0	11.00#
2000	4/0	9.00#
1500	3/0	6.50#
1000	2/0	4.50#
500	1/0	2.50#

### Features

- \* Durability
- \* Dimensional Accuracy
- \* Easy to Move or Carry

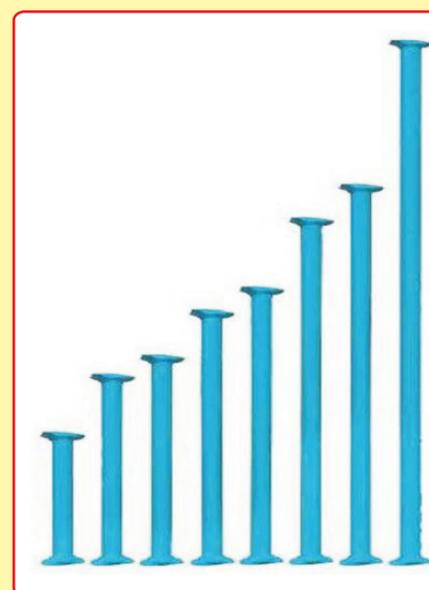

## Cuplock Ledgers / Horizontals

Cuplock Ledgers / Horizontals are manufactured using 40 NB light or medium class pipes with forged ledger blades that are welded at the ends. Length of the ledgers or horizontals is calculated between center.

### Sizes of cuplock Ledgers / Horizontal :

Size in mm.	Actual Size (-1 + 5mm)	Self Weight in Kg/NOs.
2000 C/c	1950	6.60#
1500 C/c	1450	5.00#
1200 C/c	1150	4.00#
1000 C/c	950	3.50#

Weight indicated are subjected to tolerane +/-05%

### Features

- \* Simple robust design
- \* Low maintenance
- \* Durable Standards

## Channels

The company deals in high quality Channels in the industry. Our Building Construction Channels are high on demand as the channels made available through our services are tough and can withhold heavy weight. So just avail our Scaffolding Channels that is offered at the most affordable rates.

## Walk Way Planks / Chali

Offered by us is a high quality range of Walkway Planks to the Customers, as per their requirements. These products allow mobility and communication through an opening. Moreover, the main functioning these product is to facilitate one to Stand, move or work in a hassle-free manner, along with the machinery used to execute the job.

Following are the features these products.

- \* Perfect shape and finish
- \* Durable standard
- \* Easy to install
- \* Size as per customer needs.

## Steel Plate / Walform Panel

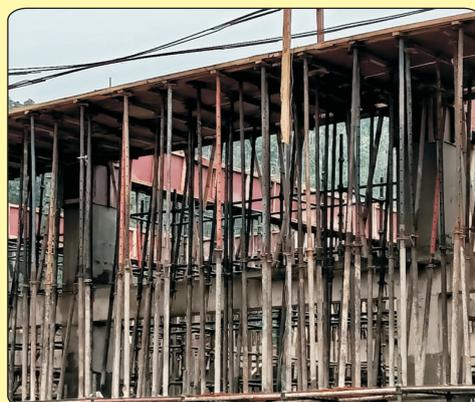

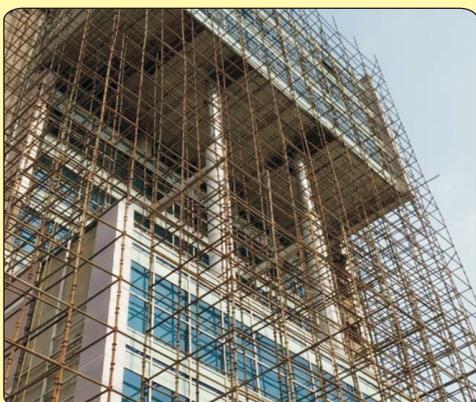

We have in store an impeccable gamut of Steel Plate for our valued clients. Fabricated by making use of supreme quality 3.0 mm thick mild steel sheets, these are provide with slotted steel angle of 35x35x5 mm Further more, these offered products are supplied with standard panels, diagonal stiffener, channel heavy duty soldiers and tubes/channel walers. These offered Products can be availed in both customized and standard form as per the requirements.

### Features :

Available Size	Weight in Kgs.
600 x 900	21.50*
450 x 900	18.50*
300 x 900	14.50*
450 x 1200	24.00
300 x 1200	18.00*
